PROFESSIONAL SUMMARY

Final-year B.Tech Computer Science & Engineering student with a CGPA of 8.12/10, currently building skills in Data Analytics and exploring data-driven problem solving. Familiar with Python, SQL, data analysis, exploratory data analysis (EDA), and data visualization through academic and personal projects. Interested in developing practical analytics skills and applying data to identify patterns, generate insights, and support informed decision-making. Seeking an internship or entry-level opportunity to learn, contribute, and grow in Data Analytics.

TECHNICAL SKILLS

Languages: Python, C++, C, JavaScript, HTML5, CSS3, SQL (MySQL)

Drone & Spatial Tech: UAV/Drone Operations, Telemetry Parsing, GPS/GNSS Navigation, Spatial Data (KML/KMZ)

Developer Tools & OS: Git, GitHub, VS Code, Windows

Core Concepts: Object-Oriented Programming (OOP), Debugging, Responsive Web Design

PROFESSIONAL EXPERIENCE

Drone Pilot Trainee — Rajasthan Directorate NCC

- Selected by Rajasthan Directorate NCC for Basic & Advanced Drone Pilot Training across 6 Raj Air Sqn NCC (Udaipur) and 9 Raj Bn NCC (Alwar).
- Secured an A Grade in both programs, demonstrating UAV operations, GPS/GNSS flight safety, and aerial navigation.

Web Development Intern — Tejas Infotech

- Engineered responsive web applications using HTML5, CSS3, and JavaScript for multi-device rendering.
- Collaborated on UI components and cross-browser fixes; managed code using Git/GitHub.

Technical Operations Trainee — National Engineering Industries Ltd. (CK Birla Group)

- Monitored enterprise IT systems, logged operational metrics, and conducted root-cause analysis on service incidents.

TECHNICAL PROJECTS

AI-Based Credit Card Fraud Detection [Python, Machine Learning, Flask, Data Analysis]

- Built a fraud-risk analysis project with a deployed analyst console for exploring suspicious transactions.

Links: [GitHub](#) | [Live Demo](#)

Ctrl + Fly — Drone Flight Simulator & Telemetry Console [Python, Flask, JavaScript]

- Built and deployed an interactive drone flight simulator and telemetry console for flight control, real-time telemetry monitoring, UAV log analysis, telemetry parsing, and KML/KMZ trajectory visualization.

Links: [GitHub](#) | [Live Project](#)

Student Management System [Python, MySQL, Flask]

- Developed a full CRUD application with MySQL integration, multi-parameter searching, and automated reporting.

EDUCATION

B.Tech in Computer Science & Engineering — Government Engineering College, Ajmer (2023–2027) | CGPA: 8.12/10

Class XII — The Castle Convent Sr. Sec. School (RBSE) (2022) | 85.60%

Class X — The Castle Convent Sr. Sec. School (RBSE) (2020) | 83.50%

CERTIFICATIONS

- Basic Cyber Course (English) — NIELIT, Ministry of Electronics & Information Technology (MeitY), Government of India | April 2026
- Online Quiz: Cyber Hygiene Practices — Information Security Education and Awareness (ISEA), MeitY, Government of India | July 2026
- Technical Operations Training — National Engineering Industries Ltd. (CK Birla Group)
- Web Development Internship — Tejas Infotech
- AI for Students: Generative AI | HTML & CSS for Beginners | WordPress Campus Connect
- NCC Certifications: Basic & Advanced Drone Training Camp (Grade A) | Best Cadet Camp | Basic Rock Climbing Camp (Grade A)

LEADERSHIP & ACHIEVEMENTS

- Student Coordinator: GECA Combat 2026
- Gold Medalist: Kho-Kho, GECA Combat 2024
- NCC Cadet: Science Exhibition & World Record Participant (International Yoga Day)
